Checkboxs

Checkboxes allow users to select one or more items from a set. Checkboxes can turn an option on or off.

Checkbox Default

Design **Implementation**

Checkbox
Default

```
Checkbox(
   value: false,

onChanged:
(bool? value)
{},
)
```

List Tile

Design **Implementation**

Checkbox Button list
tile

```
CheckboxListTile(
  onChanged:
(bool? value) { },
  value: true,
  title: const
Text('Checkbox
Title'),
),
```

To change the whole Button Theme, please open the `core/themes/app_theme.dart` . Here's how to change the Widget Radio Chackboxs theme:

```
checkboxTheme: CheckboxThemeData(
   fillColor: MaterialStateProperty.resolveWith<Color>((Set<MaterialState> states) {
   if (states.contains(MaterialState.selected)) {
      return AppColors.secondary;
   } else if (states.contains(MaterialState.hovered)) {
      return AppColors.splash;
   }
   return AppColors.fillPrimary;
   }),
),
```
