

Switches

Switches toggle the state of a single item on or off.

Switches Default

Design Implementation

Switch Default

```
Switch(  
  value: light,  
  
  onChanged:  
    (bool value)  
    {}  
  
)
```

Checkbox List Tile

Design Implementation

Switch Button list tile

```
SwitchListTile(  
  title: const  
  Text('Switch  
Title'),  
  value: true,  
  onChanged:  
    (bool? value) { },  
  ),
```

To change the whole Button Theme, please open the `core/themes/app_theme.dart` . Here's how to change the Widget Radio Switch theme:

```
switchTheme: SwitchThemeData(  
  fillColor: MaterialStateProperty.resolveWith<Color>((Set<MaterialState> states) {  
    if (states.contains(MaterialState.selected)) {  
      return AppColors.secondary;  
    } else if (states.contains(MaterialState.hovered)) {  
      return AppColors.splash;  
    }  
    return AppColors.fillPrimary;  
  })),  
)
```
